OVER \$117,000 IN TAXES PAID TO CO. TREASURY

December Tax Collection Which Ended Tuesday Nets Large Sum.

BREAKS ALL RECORDS

Largest Amount County Coffers Ever Contained Now in Vaults.

Taxpayers crowded each other in the county treasurer's office during the last four days of the December tax collection period which closed Tuesday.

County Treasurer J. E. Sutton said Wednesday that over \$117,000 was collected the four final days.

Tuesday, \$39,001.76 changed hands over the counter. Monday \$32,611.96 went from the pockets of the tax payer into the coffers of the county. There were \$18,556.18 paid in to the treasury Saturday while last Friday, \$27,127.83 were collected.

The total undistributed tax fund in the county treasury Wednesday morning was \$444,265.90, the largest sum which the Greene county treasury ever contained at one time. This does not include advances on the February settlement made to various taxing districts amounting to \$37,200. An advance draw of \$14,000 was made by Xenia city and one of \$10,000 by Xenia city school district.

Tax Fund \$400,000.

The undistributed tax fund ran over \$400,000 for the first time in history, last Monday, when there was \$406,000 in the treasury.

Comparing the present amount of taxes collected with the sums taken into the treasury in former years, County Treasurer Sutton said Wednesday that December 21, 1904, the day following the close of the tax collection, the treasury contained \$101,331.60.

That was the first time the tax fund had exceeded \$100,000. In November of that year there was only \$39,000 in the treasury.

A year ago Wednesday the tax fund totalled \$392,921.

URGES PASSAGE OF BILL TO PERMIT BIDS ON MAIL HAULING

The Chamber of Commerce is now bending its influence urging the passage of a bill now before Congress which will provide that the transportation of United States mail can be bid upon by individual companies.

The railroads have held the government contractor mail transportation for years but the coming of the airplane the establishment of transcontinental routes, and the possibilities of the plane in giving much quicker service than by rail, has caused a number of the big aircraft companies to take the proposition up with Congress.

C. E. Lay, president of the Cincinnati Aircraft company, and chairman of the Western Airline Syndicate, who is establishing air routes over the continent, is active in the attempt to influence the government to let the mail contract to air companies.

The Chamber of Commerce is assisting in the movement, as it means the success of the transcontinental air routes being established by Mr. Lay's companies, will stimulate the growth of the airplane industry, and will insure a landing field, supply, freight and mail depot for this city, on the New York to Kansas City route of the company now being proposed.

SENATOR PARROTT IN LETTER SAYS RELIEF FOR CITIES AT HAND

That legislation at least similar in text to the Gardner bill and providing financial relief to cities, will be passed by the State legislature is the assurance of Senator Frank Parrott of the Fifth-sixth district, in a letter to the Chamber of Commerce here.

The management of the local organization wired and wrote both Senator Parrott, and Representative W. B. Bryson, urging the encouragement of the Gardner bill which provides for the relief of cities financially. According to Senator Parrott, whose reply has been received, a new bill, the same in principle as the Gardner bill, but different in form, is now up and every effort will be bent towards its passage.

Senator Parrott's answer is in part as follows:

"I am very glad to give you the assurance that I am bending every effort in behalf of relief legislation for cities. At the present time it seems that legislative action will take the direction of supporting some measures which incorporate the principles of the Garner bill. The joint

C. V. WILGUS IS DEAD AS HEART TROUBLE FATAL

Former Xenian Passes Away in Philadelphia Tuesday, Suddenly.

SPENT BOYHOOD HERE

Was Connected With Dayton Concerns Before Accepting Eastern Post.

Friends here of Charles V. Wilgus, former Xenian and a brother of Miss Mary Wilgus of this city, were shocked to learn of his death, which occurred suddenly at his home in Philadelphia, Pa., Tuesday.

Only meagre information was contained in the telegram which was received at Dayton, his former home, and where Mrs. Wilgus' relatives now live. The brief message stated that death was due to heart trouble.

Mr. Wilgus, who had little more than a year ago accepted the position of general manager of the Barrett Adding Machine company of Philadelphia, had been working at a terrific pace, and this with high blood pressure of which he was a victim, led to the heart trouble, it is thought.

Charles V. Wilgus was born in Harveysburg and was 54 years of age. He was a son of the late Daniel and Betsy Wilgus, who came to this city with their son and daughter, when Mr. Wilgus was but five or six years of age. He was educated in the local public schools and attended Central high school. When quite a young man he became identified with the National Cash Register company of Dayton, with which company he was associated for 17 years.

Gets Philadelphia Post.

Leaving that company he became superintendent of the Recording and Computing Machine Company of Dayton, and a year ago last December he accepted position of general manager of the Barrett Adding Machine Company of Philadelphia. The company was a new one, and Mr. Wilgus had been working tirelessly assembling new patents and preparing to launch the new adding and computing machine on the market.

Aside from being prominent in manufacturing circles, Mr. Wilgus was active in fraternal circles, being a member of St. John's lodge, F. & A. M.; Unity Chapter, R. A. M.; Reese Council, R. and S. M.; Reed commandery, K. T.; Valley of Dayton, A. A. S. R. and Antioch Temple of Shriners.

Mr. Wilgus married a Miss Reed of Dayton, who survives him with three sons, Charles, William and Robert. His father died in 1901 and his mother passed away in 1917 her burial being just three years years to a day before the death of her son. Miss Mary Wilgus of this city, who is now teaching in the West Carrollton High School, and who was for a number of years connected with the faculty of Central High School is the only surviving member of the immediate family, although an uncle D. Q. Fox, wholesale grocer lives in Springfield.

The body will be brought to Dayton where funeral services will be held and burial, it is thought will be made on the family lot in Waynesville.

HOLLAND WILL REJECT ALLIES LATE REQUEST

Demand For Extradition Of Ex-Kaiser Will Be Refused, Belief.

GLAD U. S. NOT IN DEAL

Opinion Current in America That Former Emperor Will Never Be Tried.

London, Jan. 21.—A dispatch from the Globe correspondent at The Hague this afternoon said it is regarded as certain that Holland will reject the allied demand for the surrender of the ex-kaiser.

It is believed here that if Holland returns a negative answer, the allies will send a second request couched in much sharper language than the first. In this event the attitude of Holland is problematical.

Washington, Jan. 21.—The feeling general in diplomatic circles that Holland will not surrender the former kaiser is shared by Senators conversant with European politics.

Gratification is expressed by these senators, several of whom are members of the senate foreign affairs committee, that the American government is not participating in the demand by Great Britain, France and Italy that William be given up by the Dutch.

Lansing Skeptical

They point out that when Secretary of State Lansing appeared before the foreign affairs committee, upon his return from the peace conference, he advanced doubt as to whether William could ever be legally tried for his part in bringing about the world war.

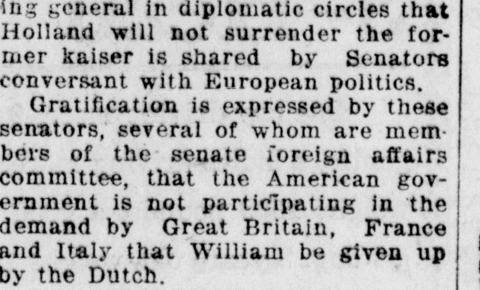

As chairman of the committee on responsibility for the war, Mr. Lansing opposed various proposals made by the British, French and others represented on it for the criminal punishment of the former kaiser. His opposition was based on international law and both legal and historic precedent.

Sensors agreed with Mr. Lansing at that time that to attempt to deal summarily with William would seriously risk making a "martyr" of him, and of inviting a reaction in his favor among the German people. These senators still retain this view.

Japanese Silent

The Japanese government is reported to be inactive and as unenthusiastic as the American government in the present demand on Holland, but for entirely different reasons. Japan is essentially imperialistic, and her destiny runs back to 660 B. C. Japan is said to feel that to mete out severe punishment to the former kaiser would establish a precedent that might bring a mikado before an international lord high executioner at some future time in case Japan found herself as unpopular with Great Britain, France and Italy as Germany is now.

Among senators and diplomats alike the prediction is freely made that the former kaiser will never be brought to trial, despite Lloyd George's war and election pledges to the British and Clemenceau's promise to the French people.

When she was offered to profit at the expense of suffering for lack of blood money for transfusion of blood from their veins to those of the sick folk Miss Lillian Jedlicka, nurse at the Flower hospital, New York, became incensed at them and offered to give her blood for nothing. Her offer was accepted and her voluntary act caused other nurses to follow her example. As a result the would-be profiteers cannot now collect even the \$25 they formerly charged.

PASSENGERS WILL BE TRANSFERRED FROM DISABLED STEAMER

Weather Moderating Will Permit Placing of People On Liner.

Boston, Jan. 21.—Preparations are being made to transfer the 271 passengers aboard the disabled army transport Powhatan, disabled at sea, 200 miles south of Halifax, N. S., to the transport Northern Pacific, according to a radiogram picked up at the navy yard here early today.

A howling gale has been raging about the crippled transport since she broke down Sunday forenoon, but today the weather was reported as moderating, making possible a transfer of the passengers at sea. The Northern Pacific will take those from the Powhatan to New York, the message said. The U. S. coast guard cutter Acushnet was reported steaming up the coast from New Bedford today to join the ships standing by the Powhatan.

The shipping board steamer West Comet is trying to tow the Powhatan to Halifax. The White Star liner Bardic started to tow the Powhatan during the night, but the Bardic's port propeller became disabled. The U. S. navy destroyer Sharkey and Leary are near the Powhatan, and the Canadian government steamer Lady Laurier, which left Halifax to help the West Comet tow the disabled transport was reported nearing the scene today.

F. P. CUNNINGHAM FORMER MEMBER OF LOCAL BAR ASS'N DIES

Frank P. Cunningham, former Xenian, and for thirty-five years a prominent member of the Greene county bar, died Monday morning at five o'clock at his home in Arkansas, according to word received by relatives here. Death was due to cerebral hemorrhage.

Mr. Cunningham was born in Bellbrook and would have been 74 years of age had he lived until April 6. He came to Xenia when a young man and for thirty-five years practiced law here being known all over the country. About twenty years ago the family moved to Oregon, and about 14 years ago they moved to Wagner, Oklahoma, buying extensive farming lands near there. Two years ago they moved to Arkansas.

Mr. Cunningham is survived by his wife and two sons, Clarence, who formerly conducted a drug store where the Douglas drug store is now located, and who is now farming in Arkansas, and four daughters, Mrs. Moses Bogan, of near New Burlington; Miss Mary Cunningham, of Wagner, Oklahoma; Mrs. Charles Brown, of Wagner, and Pauline, whose husband died this winter. He is also survived by two brothers and three sisters, Charles, who lived with his brother in Arkansas, and William, of Greenville, Ohio; Mrs. J. F. Turner, and Mrs. Vinton Taylor, of Bellbrook, and Mrs. William Stevenson, of Yellow Springs.

The body will arrive in this city about 11 or 12 o'clock Wednesday night and will be taken to the Need undertaking establishment. Funeral services will be held at the chapel in Woodland cemetery Thursday afternoon at two o'clock.

INFLUENZA IN MILD FORM IS EPIDEMIC IN MIDDLE WEST

Surgeon-General Declares Many Cases Found in Army Camps. Peak of Pandemic Reached in Chicago.

Washington, January 21.—Influenza has become epidemic in several army camps, particularly in the Middle West, Surgeon General Ireland of the army announced today, and it has appeared among American troops in Germany.

While the disease is increasing among the civilian population of the United States, it has not reached epidemic form, and Surgeon General Rupert Blue of the public health service, said today there was nothing in the situation to cause alarm.

The malady, as it appeared both among soldiers and civilians, is of a mild type, and the resulting death rate proportionally has been far below that of the war time epidemic while the incidence of pneumonia also has been much lower.

Surgeon General Blue said state health authorities apparently had the situation in hand, and that no requests for federal aid had been received.

Epidemics have been reported from Camp Grant, Rockford, Ill., and Fort Sheridan, Love Field, Texas, and the Great Lakes Naval Training Station but the number of men in these camps is much smaller than it was during the war, when influenza caused thousands of deaths among the service men.

The form of the disease is this country apparently is much milder than that which appeared among the troops in Germany.

Great Lakes, Ill., January 21.—One hundred and eighteen new cases of influenza, with four deaths were reported at Great Lakes Training Station for the 24 hours ending at noon. This brought the total number of cases under treatment at the station to 886, including 52 pneumonia cases. There have been seven deaths during the epidemic. Movement of men in and out of the station has been stopped.

Chicago, January 21.—Chicago health officials today declared their belief that the peak of the "flu" epidemic here has been reached. With 2,500 new cases reported in the last 24 hours, the total number of cases now on record runs high into the thousands.

The death rate continues to be low, despite the large number of cases. Slightly less than sixty deaths were reported in the 24 hours preceding.

The principal cause for the suffering is the lack of nurses, according to the authorities. Nearly 400 calls for nurses remain unfilled because of scarcity. The city has been divided into 180 districts and a nurse assigned to each section so as to provide some attention.

EFFECT MARTIAL LAW IN ITALY AS RESULT OF RAILWAY STRIKE

Strike Areas Being Patrolled By Heavy Forces of Troops, as Train is Fired Upon Near Genoa By Alleged Strikers.

TIE-UP NOW GENERAL THROUGHOUT NORTH

Seamen's Strike Part of General Plan to Tie Up Traffic and Industry Said to Have Failed. Government Not Concerned.

Rome, January 21.—A state of siege was proclaimed by the government today at Milan, Turin, Genoa and other cities in northern and central Italy, as a result of the unrest which has accompanied the new railway strike.

The strike areas are being patrolled by heavy forces of troops. A train near Genoa was fired upon, presumably by strikers.

The railway strike is now general throughout the northern and central parts of the kingdom, but the southern railway employees have not yet joined the movement. The Catholic workers are participating.

The government, by the use of troops, is maintaining an abbreviated service on the trunk lines.

The government has issued a proclamation prohibiting assemblages of more than five persons. The confiscation of motor trucks has been ordered. The railway telephone employees are joining the strike.

The government professes to have no alarm over the political aspects of the situation and is relying upon the public to prevent anarchistic outbreaks.

Government officials stated that the strike in South Italy ordered for Naples was a failure, and that only 30 per cent of the employees in other sections had quit.

TROOPS PREVENT SABOTAGE.

Troops on strike duty were under special orders to prevent sabotage. The government has recalled all students in government schools, officers and privates who were absent on leave.

The railroad workers at Foggia have sent a message to King Victor Emmanuel guaranteeing their loyalty. The seamen's strike, which was to be part of the general plan to tie up traffic and industry, was said to have failed.

The railroad strike came after the others had rejected concessions offered by the government. The government promised a wage increase and representation by the unions on boards of railway management, but the workers wanted more.

"RED" PLOT TO START WAR IS NIPPED IN BUD

Police Believe Wholesale Assassinations Were Planned There.

MANY TAKEN IN RAIDS

Public Officials and Prominent Citizens Included in List of Victims.

New York, Jan. 21.—New York police believe they have frustrated a plot for wholesale assassinations by the arrest in two raids of 18 extremists, said to be members of the Union of Russian Workers.

Public officials, prominent citizens, agents of the department of justice and police were to be included in the "honor list" of proposed victims, it is asserted. The police think the bombs were to have been sent by express or hurried by fanatics.

This information was forthcoming following a preliminary investigation of papers seized in the raids. Material for use in the manufacture of bombs, including those of the pipe variety, was found.

The Union of Russian Workers still exists, despite the deportation of Peter Bianki, its head here for years, and continues its conferences, it was stated, but since federal and police raids began, each meeting has been held at a different apartment or private home.

The extent of the plot, believed to have been designed as another bomb demonstration similar to that of last May day, when Attorney General Palmer and other prominent public men were sent explosive packages through the mails, has not been definitely determined.

The date for the demonstration was set well ahead and plans were in the preliminary stages of development, it was said.

Fifty-two more alleged reds taken in raids here and in Passaic and Trenton, N. J., were released from Ellis Island on bail. According to Miss Rose Weiss, an attorney for 37 of the prisoners, a bail fund of \$150,000 in liberty bonds is now available, and from now on about 30 a day will be released.

REAL PROPERTY IS DESIRED APPRAISED

Columbus, O., Jan. 21.—Reappraisements of real property in the state is desired by the Ohio county commissioners' association, now holding its 39th annual session here. A vote showed 66 in favor and 54 against the proposition. The majority, however, believe reappraisements are necessary because real estate values have increased so much during the last year.

State Highway Commissioner A. R. Taylor told the commissioners that the by-roads in Ohio were in a better condition and kept better than the main ones.

PREMIER REFUSES GIFT

Paris, Jan. 21.—Former Premier Clemenceau today refused to accept an estate which had been offered to him by his admirers as a gift from the nation.

PEACE TREATY CALLS FOR VARIED VIEWS AS FIGHT IS ON

Washington, Jan. 21.—The peace treaty situation in the senate today was one of commingled optimism and pessimism. Another bi-partisan conference was to be held today in an effort to reach a compromise, but Senators Lodge and Hitchcock, the contending leaders, voiced only pessimistic views as to the probability of a satisfactory compromise being reached.

Senator Owen of Oklahoma, was still expressing hopes that the compromise would eventually be reached.

Senator McNary of Oregon, one of the tireless workers for compromise on the treaty, is today threatening an attempt to bring the treaty before the senate again. Senator McNary is confident that he could secure sufficient support to insure success of such a movement, but in the way of this plan stand the two leaders, Senators Lodge and Hitchcock.

Until they give their consent, it is not likely that the treaty can be brought up in the senate again.

U. S. MUST ENTER SHIPPING TRADE

Governor Cox Gives Views On Ridding County of Anarchists.

Columbus O., Jan. 21.—"It is time that Uncle Sam went into the shipping business to the exclusion of all other enterprises if need be, to rid the country of anarchists," declared Governor Cox, addressing a banquet of the Ohio Good Roads Federation.

Former Governor Willis said the highway movement of the nation was secure as the next president of the country will come from Ohio.

"I'm not saying whether that man is the one now in office at the state house or representing Ohio at Washington," Willis added.

R. R. Scott, Toledo, was re-elected president of the federation; W. A. Alsdorf, secretary; T. R. Dahl, Cleveland, treasurer and A. C. Toner Belmont county; Y. B. Jones of Columbus; W. Thurston, Toledo and carry S. Palmer, Akron, new trustees.

Newsprint Shortage Not Renewed in Xenia; Supply On Way

Probably never before in the history of the public press have newspapers been face to face with so serious a situation as now confronts them in the matter of newsprint shortage.

The probability of a famine in this essential product, which has been for several months a cloud on the horizon, has been growing larger, until today it is sweeping the country with the full force of reality.

Newspapers have been forced to resort to almost any means of publication and in some cases have actually been forced to suspend. Locally, the situation has become critical. Delayed shipment of newsprint paper has been responsible for cutting down the size of The Gazette and Republican lately. With their paper supply exhausted last week these were forced to resort to the scrap heap, where enough odd size rolls were found to serve one day. These rolls had to be cut down to the proper size, and it was through the courtesy of the Greene County Lumber Company and Mr. F. F. Elson that this was accomplished.

Today publication is being made on loose sheets, as the only available supply, and while this obviously limits the size of the paper, there will be no curtailment of news. Literally, hundreds of inches of advertising have been refused by these papers in the last few days, due to the impossibility of getting it in. All this has naturally caused delay and trouble with the press, and it is for this reason that the papers have been late recently.

America's Love For Music Is Lauded By European Master

Cincinnati, Jan. 20.—With symphony concerts thriving in New York, Boston, Chicago and Cincinnati; with opera seasons patronized as never before; with American composers striving more and more for the highest forms of musical expression, the dawn

UDS AMERICA'S LOVE OF CONCERT

M. Jean Verd.

of 1920 is brighter with promise for the future of the divine art than any year within the memory of living man. Such is the opinion of Jean Verd, who has come to Amer-

ica recently in the interest of pianoforte instruction. "New York is to be commended for its efforts to wrest from Europe the laurels of musical supremacy," he says, "but even two months' residence in this country has convinced me that New York will have a friendly but vigorous rivalry with other such musical centers as Chicago and Cincinnati. As I understood the New York plan, they contemplate a special music week, in Cincinnati, I find that every week is music week, from early October until late June. It is this year around devotion to music which has laid deep the foundation of supremacy of the established musical centers of Europe.

"As a newcomer in America, I should not be suspected of any marked favoritism of one community as against another. In striving to do my utmost for the upbuilding of musical art, I have found that the opportunities were greater in Cincinnati than in New York or Chicago by reason of the more general musical culture which seems to prevail there.

"I have noticed the fine attitude of the American people toward concerts. It is that of respect and reverence which is not always found in Europe. The American people seem glad to welcome new offerings which will improve their minds, particularly this is true in colleges. On several occasions when I was to render a program, students of the institution in the community would secure copies of the program in advance, and study the minutest details of the composition."

Monsieur Verd came to the United States two months ago to be one of the master instructors in the pianoforte department of the Cincinnati Conservatory of Music.

SAYS WIFE CRUEL; ASKS FOR DIVORCE

Distaste for housework, and a desire to board so that she would not have more than one room to take care of, is a charge made by Harry F. Hawks in his suit for divorce from Retta F. Hawks. They were married in Columbus, Feb. 6, 1918. The wife refused to perform the usual duties of a housekeeper, the plaintiff declares, and in August 1919, abandoned him.

He charges her with cruelty also, in that she told him she cared nothing for him, and married him only to secure his support, that she associated with other men, and "openly and notoriously" refused to associate with him.

Telling the Time by Cat's Eyes.

In various parts of Turkey the watch and the clock are extremely rare, but the natives have an exceedingly ingenious way of approximating the time, and some of them hit it with considerable accuracy. They locate two cardinal points of the compass, and then folding their hands together in such a manner that the forefingers point upward and in opposite directions, they observe the shadow cast. In the morning or the evening, at certain known hours one finger or the other will point directly to the sun. A comparison of the two shadows will determine the hours between. Another system followed in Turkey and some other countries of the Orient is to observe the eyes of a cat. Early in the morning and evening the pupils are round. At 9 and 3 o'clock they are oval, and at noon they consist of a narrow slit.

Marching Through Georgia.

"If I had thought, when I made that march, that it would have inspired anyone to compose 'Marching Through Georgia,' I would have marched around the state," is a statement credited to Gen. Sherman. The general was staying at a Washington hotel when a band serenaded him with the piece, and he is said to have made the comment to a friend. The song was his product. In 1865, of Henry Clay Work, a popular song writer, who wrote many songs that were popular in Civil war time. He was a printer by trade and often composed the words while working at the "case," and when he was setting up music type he would compose the music "free hand."

"Marching Through Georgia" is probably unique among war songs, in that it was composed without appearing in manuscript.

Not a Bad Description.

I sent my little daughter, Anna, to the market for a pound of Frankfort sausage. She played on the way and forgot the name. After the butcher asked her twice what kind of sausage she wanted she said: "O, you know, the kind that need a hot bath before you can eat them." Needless to say, she brought the right kind home after every one in the market had a good laugh.—Chicago Tribune.

CABINET TO MEET.

Washington, Jan. 20.—President Wilson's cabinet was to meet today in its regular Tuesday session.

Mr. J. FLANNERY DIES ON TUESDAY

M. J. Flannery, aged 42 years, superintendent of the Bath township high school, and one of the best known school men in southern Ohio died at the Springfield hospital Tuesday morning following an operation.

Mr. Flannery taught in the Fairfield schools, and in other parts of Greene county, and later was for a number of years connected with the Hamilton high school. Recently he returned to Greene county as superintendent of the Bath township high school. He was well known in this city, where news of his death will be received with much regret.

The funeral services will be held Thursday afternoon at 2 o'clock at the Reformed church in Fairfield and burial will be made in the Fairfield cemetery.

VETERAN KRAFFT HAS FOUND A NEW OLD MANS FRIEND

RHEUMATIC SUFFERER GIVES THE TITLE TO NERVE-WORTH AFTER TESTING THIS FAMOUS FAMILY TONIC.

Nerv-Worth has done a wonderful work for debilitated soldiers at the national homes and many of them are so grateful that they want fellow sufferers to learn of their happy experience. Mr. Krafft is one of these and this is what he says and consents to have published:

"I have been in bad rheumatic condition for 15 years. Used two crutches most of the time and one all the time. Was also extremely nervous and could not get restful sleep. Tossed about the bed all night and was tired and worn out in the morning. My hands trembled so that it was difficult to hold anything."

"I saw Nerv-Worth advertised and purchased a bottle and took it as directed and am glad to say it did the work. My nervousness is gone and I can now sleep soundly all night through. RHEUMATIC PAINS HAVE LEFT ME and I can now walk about without my crutch and am gaining strength daily. Nerv-Worth is the greatest remedy I have ever used or known of and is certainly 'the old man's friend.' I shall always keep it on hand."

Newsprint Shortage Not Relieved in Xenia; Supply On Way

Probably never before in the history of the public press have newspapers been face to face with so serious a situation as now confronts them in the matter of newsprint shortage.

The probability of a famine in this essential product, which has been for several months a cloud on the horizon, has been growing larger, until today it is sweeping the country with the full force of reality.

Newspapers have been forced to resort to almost any means of publication and in some cases have actually been forced to suspend. Locally, the situation has become critical. Delayed shipment of newsprint paper has been responsible for cutting down the size of The Gazette and Republican lately. With their paper supply exhausted last week these were forced to resort to the scrap heap, where enough odd size rolls were found to serve one day. These rolls had to be cut down to the proper size, and it was through the courtesy of the Greene County Lumber Company and Mr. F. F. Filson that this was accomplished.

Today publication is being made on loose sheets, as the only available supply, and while this obviously limits the size of the paper, there will be no curtailment of news. Literally, hundreds of inches of advertising have been refused by these papers in the last few days, due to the impossibility of getting it in. All this has naturally caused delay and trouble with the press, and it is for this reason that the papers have been late recently.

SAYS WIFE CRUEL; ASKS FOR DIVORCE

Distaste for housework, and a desire to board so that she would not have more than one room to take care of, is a charge made by Harry F. Hawks in his suit for divorce from Retta F. Hawks. They were married in Columbus, Feb. 6, 1918. The wife refused to perform the usual duties of a housekeeper, the plaintiff declares, and in August 1919, abandoned him.

He charges her with cruelty also, in that she told him she cared nothing for him, and married him only to secure his support, that she associated with other men, and "openly and notoriously" refused to associate with him.

Telling the Time by Cat's Eyes.

In various parts of Turkey the watch and the clock are extremely rare, but the natives have an exceedingly ingenious way of approximating the time, and some of them hit it with considerable accuracy. They locate two cardinal points of the compass, and then folding their hands together in such a manner that the forefingers point upward and in opposite directions, they observe the shadow cast. In the morning or the evening, at certain known hours one finger or the other will point directly to the sun. A comparison of the two shadows will determine the hours between. Another system followed in Turkey and some other countries of the Orient is to observe the eyes of a cat. Early in the morning and evening the pupils are round. At 9 and 3 o'clock they are oval, and at noon they consist of a narrow slit.

Marching Through Georgia.

"If I had thought, when I made that march, that it would have inspired anyone to compose 'Marching Through Georgia,' I would have marched around the state," is a statement credited to Gen. Sherman. The general was staying at a Washington hotel when a band serenaded him with the piece, and he is said to have made the comment to a friend. The song was the product, in 1865, of Henry Clay Work, a popular song writer, who wrote many songs that were popular in Civil war time. He was a printer by trade and often composed the words while working at the "case," and when he was setting up music type he would compose the music "free hand." "Marching Through Georgia" is probably unique among war songs, in that it was composed without appearing in manuscript.

FRENCH PUBLISH WAR MAGAZINE DEDICATED TO YANK SOLDIERS

A souvenir pamphlet, dedicated
by the French government to the
American soldiers who fought in
France, is to be distributed through
the agency of the American Legion
to all men who saw service in that
country.

Commander Charles L. Darlington
of Joseph P. Foody Post this city, has
received literature relative to this
book, which is entitled "The Home-
ward Bound Americans." It had been
intended by the French government
that this memorial should be present-
ed to the American Expeditionary
Forces before they left France, but
unfortunately it was not ready in
time to be given to all. However,
determined that "our men" who
fought overseas should know that the
French government appreciated their
sacrifices, their heroism, their achieve-
ments, it has been requested that
the memorial be presented to them
individually.

It is regretted that the supply of
this pamphlet is so small that it
cannot be distributed generally, for it
contains abundant proof that France
as a nation, and that the French as
individuals appreciate in full measure
the glorious record of American arms
in the war on Prussianism. The
pamphlet contains a brief history of
what America did on the other side.
It includes also interesting figures as
to the devastation wrought by the
invading enemies, and of the great fi-
nancial and commercial losses inflicted
upon the land of Lafayette.

In addition to this pamphlet, it is
the intention of the French govern-
ment to issue an engraved memorial
to the families of soldiers who died in
France.

ELKS TO PRODUCE MINSTREL SHOW ON APRIL 12 AND 13

One of the regular old-time min-
strel shows for which the Elks here
were famous several years ago, will be
put on by the organization this year,
the dates decided upon being April 12
and 13.

The Joe Bren Amusement Company
of Chicago which put on the minstrel
show for the Piqua Elks recently will
direct and manage the production
which promises to be a delightful re-
sumé of the old black face art and
the minstrel circle.

Rehearsals for the production will
not begin until week before the show
will be presented when a director will
come here and start the practice meet-
ings. Joe Bren himself will come
here before the show is presented and
will have charge of the last two re-
hearsals. The Amusement Company
furnishes all the scenery, costumes and
equipment and the Elks are asked only
to assemble a cast to be composed of
27 men and 16 women.

It is expected that Harry Kiernan
and George Schwartz, famous premier
end men, who have provoked mirth
from local audiences for some time in
their capacity as end men, will again
be out in black face.

Besides the minstrel circle an after-
part will be given in four scenes.

REGULAR HABITS NOW; CONSTIPATION GONE

Mr. Brooks Suffered for Years—
Tells How He Got Relief.

"I have tried a great many things for
constipation, but the only thing that has
been able to relieve me is Milk's Emul-
sion. I am on my second bottle and
have to take very little of it now. My
bowels move regularly every morning,
which they have not been doing for
number of years. It seems like living
again, after suffering so long. I recom-
mended Milk's Emulsion to two of my
friends and both say it is the best rem-
edy they ever heard of."—Elmer C.
Brooks, 329 Washington St., Peoria, Ill.

Constipation weakens the bowel mus-
cles. Salts and purgatives only increase
this condition. Milk's Emulsion is a real
corrective remedy. You can try it under
its guaranty, without risking a cent.
Milk's Emulsion is a pleasant, nutri-
tive food and a corrective medicine. It re-
stores healthy, natural bowel action, do-
ing away with all need of pills and
physics. It promotes appetite and quick-
ly puts the digestive organs in shape to
assimilate food. As a builder of flesh
and strength, Milk's Emulsion is strong-
ly recommended to those whose sickness
has weakened, and is a powerful aid in
resisting and repairing the effects of
wasting diseases. Chronic stomach trou-
ble and constipation are promptly re-
lieved—usually in one day.

This is the only solid emulsion made,
and so palatable that it is eaten with a
spoon like ice cream.

No matter how severe your case, you
are urged to try Milk's Emulsion un-
der this guarantee—Take six bottles
home with you, use it according to direc-
tions and if not satisfied with the results,
your money will be promptly refunded.
Price 60c and \$1.20 per bottle. The Milk's
Emulsion Co., Terre Haute, Ind. Sold

Old Friends are True Friends

The man, who loves a dog and
a pipe, has two staunch friends
that never fail him in good luck or
in bad. They give all and ask
nothing in return. Day by day
they become nearer and dearer to
him. The man who has not a dog
and a pipe has missed two of the
greatest things this good old world
can give.

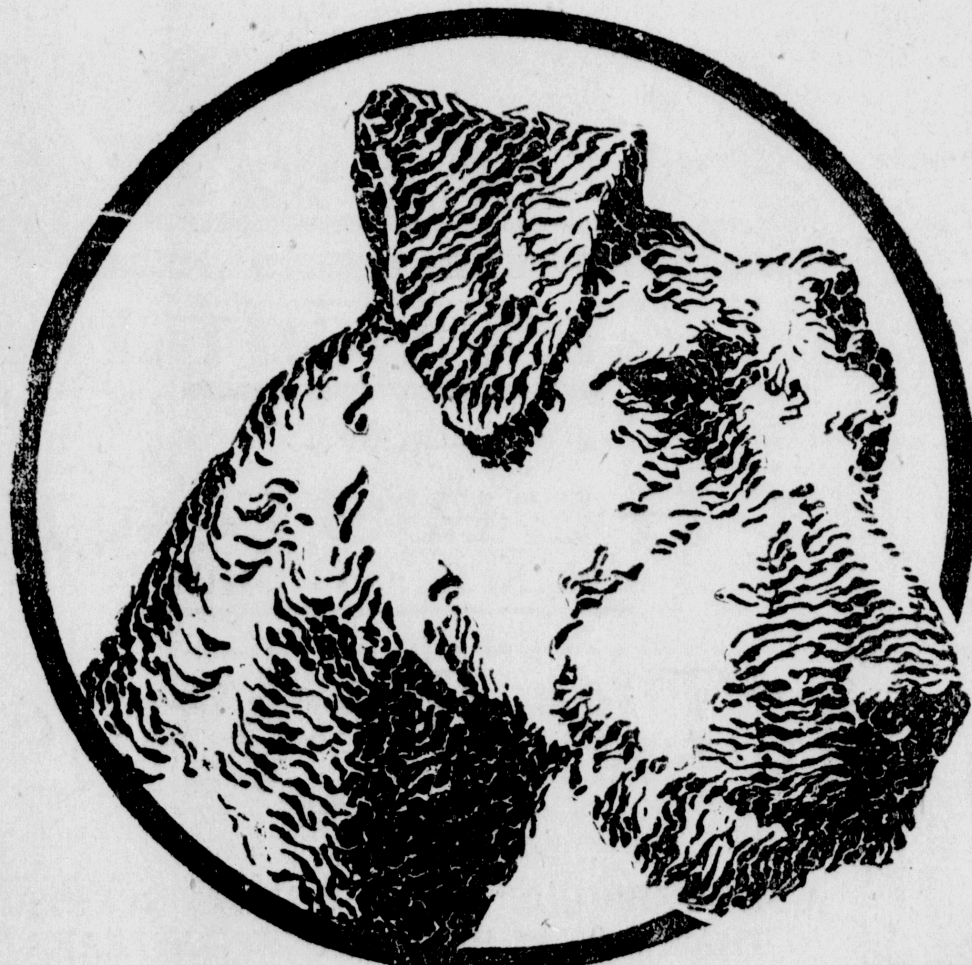

Every man who loves his pipe should
know Velvet, the one tobacco that brings
out all of a pipe's best and sweetest qualities.
Your pipe takes on an added friendliness from
Velvet's choice Kentucky leaf aged in the wood
to a mellowness that's rich and smooth as
cream.

Your pipe takes on a mild sweetness that
is Velvet's natural tobacco sweetness. And
around you hovers the real tobacco fra-
grance that all good pipe smokers
love.

Never did Velvet Joe say a

Garford Preferred

THE GARFORD MOTOR TRUCK COMPANY has been in the Truck business since the beginning of the Truck making industry.

It has a plant, the experience, the range of product and the organization to supply any Motor Truck requirement.

Its sales are international.

Its output is well advertised and has a preferred acceptance all over the world.

Sales for the past four years have been as follows:

1916	\$ 3,292,000
1917	7,314,000
1918	9,227,000
1919	11,000,000

Earnings of the company for 1919, after all charge-offs, including federal taxes, will be in excess of three times the preferred stock dividend requirements, after the present offering has been sold.

We consider this one of the choicest industrial preferred stocks on the market and recommend it heartily as a conservative investment—free from the normal federal income tax and from state taxes to Ohio investors.

FRENCH PUBLISH WAR MAGAZINE DEDICATED TO YANK SOLDIERS

A souvenir pamphlet, dedicated by the French government to the American soldiers who fought in France, is to be distributed through the agency of the American Legion to all men who saw service in that country.

Commander Charles L. Darlington of Joseph P. Foody Post this city, has received literature relative to this book, which is entitled "The Home-ward Bound Americans." It had been intended by the French government that this memorial should be presented to the American Expeditionary Forces before they left France, but unfortunately it was not ready in time to be given to all. However, determined that "our men" who fought overseas should know that the French government appreciated their sacrifices, their heroism, their achievements, it has been requested that the memorial be presented to them individually.

It is regretted that the supply of this pamphlet is so small that it cannot be distributed generally, for it contains abundant proof that France as a nation, and that the French as individuals appreciate in full measure the glorious record of American arms in the war on Prussianism. The pamphlet contains a brief history of what America did on the other side. It includes also interesting figures as to the devastation wrought by the invading enemies, and of the great financial and commercial losses inflicted upon the land of Lafayette.

In addition to this pamphlet, it is the intention of the French government to issue an engraved memorial to the families of soldiers who died in France.

ELKS TO PRODUCE MINSTREL SHOW ON APRIL 12 AND 13

One of the regular old-time minstrel shows for which the Elks here were famous several years ago, will be put on by the organization this year, the dates decided upon being April 12 and 13.

The Joe Bren Amusement Company of Chicago which put on the minstrel show for the Piqua Elks recently will direct and manage the production which promises to be a delightful resume of the old black face art and the minstrel circle.

Rehearsals for the production will not begin until week before the show will be presented when a director will come here and start the practice meetings. Joe Bren himself will come here before the show is presented and will have charge of the last two rehearsals. The Amusement Company furnishes all the scenery, costumes and equipment and the Elks are asked only to assemble a cast to be composed of 27 men and 16 women.

It is expected that Harry Kiernan and George Schwartz, famous premier end men, who have provoked mirth from local audiences for some time in their capacity as end men, will again be out in black face.

Besides the minstrel circle an after-part will be given in four scenes.

THE FOOL AND HIS MONEY ARE SOON PARTED

We seem to have come to the time in this country when "the fool" and "his money" are synonymous words. Money is so plenty that stock speculation is rampant and "Blue Sky" stocks are flooding the land like grasshoppers did Kansas forty years ago. All that is necessary is to promise seven or eight per cent interest—no regard whatever being paid as to absolute worth of the stock itself. And very often this fictitious interest is paid at first, from borrowed money, to draw the suckers on, so as to use them as bait with which to catch other suckers.

A single Cincinnati broker advertises over thirty different stocks. Of course many of these are of good concerns, but mixed in with these are doubtless dozens that are wholly worthless—not worth as much as the paper on which printed. So many "greenies" are taken in by these stock sharks, that Congress is trying to protect the innocent fools and has up for consideration the Kenyon "Blue Sky" bill.

The craze to buy worthless stock is worse than the "gold brick" mania of thirty years ago, when the greenhorns bit with avidity at the naked hook—showing how sadly they needed guardians. The public loss is because of the diversion of this amount of capital from legitimate industry into the hands of speculators where it does nobody any good but the scoundrel sharks who make a business of victimizing others.

One witness before Congress estimated that the capitalization of oil projects alone during 1919 was eight or ten billions of dollars. Likely one-half or more of this was pure "blue sky" stuff, wholly worthless. It has been shown that some of these oil stocks are based on supposititious oil lands, where not a well has been sunk, but because there are some oil producing wells in that same township.

The world is full of fools. Some of these have been lucky and have stumbled on wealth which is burning their pockets to get out. All such are easy marks for the get rich quick solicitor who cares for nothing but his big per cent for selling these "blue sky" worthless stocks. There are some such solicitors who are trading on their own respectability to dupe their fellow men, who ought to be ashamed of the business.

The greatest of fools is he who imposes on himself, and thinks certainly he knows that which he has least investigated, and of which he is thoroughly ignorant. This is the avaricious fool, bent only on getting what he deems a big interest for his money, wholly risking the principal. Remember the Mexican Durango Iron Mountain scheme of thirty years ago which took 200,000 good dollars out of Xenia, not one cent of which ever came back.

If any young man expects without thought, without study, without persevering labor, to attain anything worth while in this world, he will simply wake up, by-and-by, and find that he has been playing the part of a fool.

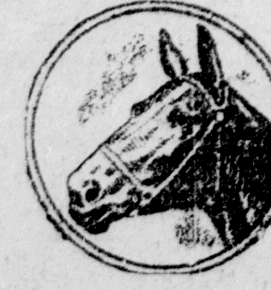

Thackery said a fool can no more see his own folly than he can see his own ears.

NATIONAL FACTS UNearthed IN PROBE OF GAMBLING CHARGE

CLOSE SCHOOLS AS GRIP EPIDEMIC HITS NEW BURLINGTON

Dayton, O., Jan. 21.—Both of the gambling probe investigating committees held sensational sessions yesterday, important evidence being unearthed by Municipal Judge Burdick and by the official investigating committee appointed by City Manager Farlow.

Evidence introduced in the municipal court probe showed the amount of gambling that has been going on at the Fraternal Order of Eagles Club, and the number of arrests that had been made. Former Police Inspector Harry Lauchhart, testified that he and Sergeant E. A. Snyder had caused the arrest of Frank Heck, whose case was investigated Monday, and that Snyder had later told him that he had been reprimanded by Safety Director James because of the arrest. Lauchhart was dismissed soon after the raid on the club.

The official investigating committee unearthed the history of the race track, which was the home of the telephone company to Joseph Vail, who was arrested several weeks ago on a charge of operating a track wire for gambling purposes. It was learned that the wire had been in operation since May 5, 1917. It was also brought out that two Home telephones are leased to the Oaks club rooms to carry the information from the instrument to the club rooms.

Captain Roy Fitzgerald, who is conducting the examinations, said it had been brought out in the examination, that "any officer who was not willfully blind would have known that the wires were in operation."

TWENTY YEARS AGO

Marion Gaskell went to Cincinnati this morning to take the examination for a position as operator on the Little Miami railroad.

At the home of Mr. and Mrs. George Beaman on East Third St., there was a masquerade party attended by about a dozen couples.

Mr. J. C. Conwell, who has been conducting a branch hardware store at Spring Valley, has disposed of the store to Mr. Lee Harper, who will have charge of it hereafter.

Rev. J. Knox Montgomery has leased the Clark property on Spring Hill, and has moved his family to this city. Rev. Montgomery will continue his evangelistic work.

Why Women Grow Old More Quickly Than Men

Greater Percentage of Anaemia—Lack of Iron in the Blood—Among Women Makes Them Lose Much of Their Youth, Beauty and Former Attractiveness, And Become Fretful, Nervous and Run-down—
What Women Need Is Not Cosmetics or Stimulating Drugs But Plenty of Pure Red Blood, Rich in Iron

Physician Explains How Organic Iron—Nuxated Iron, Enriches The Blood, Strengthens The Nerves, Builds Up Physical Power and Often Makes Weak, Pale Careworn Women Look and Feel Years Younger.

Look for the woman who appears younger than a man of the same age and you will find the exception to that vast majority upon whom anaemia—lack of iron in the blood has fastened its grip and is gradually sapping the health, vitality and beauty which every woman so longs to retain. In most cases men safeguard their health better than women by eating coarser foods, being more out-of-doors and leading more active lives, thereby keeping their blood richer in iron and their bodies in better physical condition. The very moment a woman allows herself to become weak, nervous and run-down she is placing a drain upon her whole system which overtaxes the power of the blood to renew wasted tissue and keep active the natural life forces of the body. There are thousands of women who are ageing and breaking down at a time when they should be enjoying that perfect bodily health which comes from plenty of iron in the blood, simply because they are not awake to their condition. For want of iron a woman may look and feel haggard and all run-down—while at 50 or 60 with good health and plenty of iron in her blood she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age. But a woman cannot have beautiful rosy cheeks or an abundance of strength and endurance without iron, and physicians below have been asked to explain why they prescribe organic iron—Nuxated Iron—to help supply this deficiency and aid in building a race of stronger, healthier women.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "Many a woman who is run-down, easily tired, nervous and irritable, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron might readily build up their red corpuscles, increase physical strength, and feel better and more energetic."

NATIONAL FACTS CLOSE SCHOOLS AS GRIPEPIDEMIC HITS NEW BURLINGTON

Dayton, O., Jan. 21.—Both of the gambling probe investigating committees held sensational sessions yesterday, important evidence being unearthed by Municipal Judge Burdette and by the official investigating committee appointed by City Manager Farlow.

Evidence introduced in the municipal court probe showed the amount of gambling that has been going on at the Fraternal Order of Eagles Club, and the number of arrests that had been made. Former Police Inspector Harry Lauchhart, testified that he and Sergeant E. A. Snyder had caused the arrest of Frank Hock, whose case was investigated Monday, and that Snyder had later told him that he had been reprimanded by Safety Director James because of the arrest. Lauchhart was dismissed soon after the raid on the club.

The official investigating committee unearthed the history of the race track, owned by the Little Miami telephone company to Joseph Vail, who was arrested several weeks ago on a charge of operating a track wire for gambling purposes. It was learned that the wire had been in operation since May 5, 1917. It was also brought out that two Home telephones are leased to the Oaks club rooms to carry the information from the instrument to the club rooms.

Captain Roy Fitzgerald, who is conducting the examinations, said it had been brought out in the examination, that "any officer who was not willfully blind would have known that the wires were in operation."

New Burlington schools, both grades and high school, have been closed because of the prevailing epidemic of grip and influenza, according to Prof. D. H. Barnes, superintendent of that district.

There are more than 40 cases of the gripe and influenza combined, and in an effort to curb the spread of the maladies it was deemed advisable to close the schools until the danger of infection had passed.

There are eighty students in the grades and high school, according to Prof. Barnes, who will be given the health measure. New Burlington is the first district to announce the closing of the schools due to the spread of the epidemic.

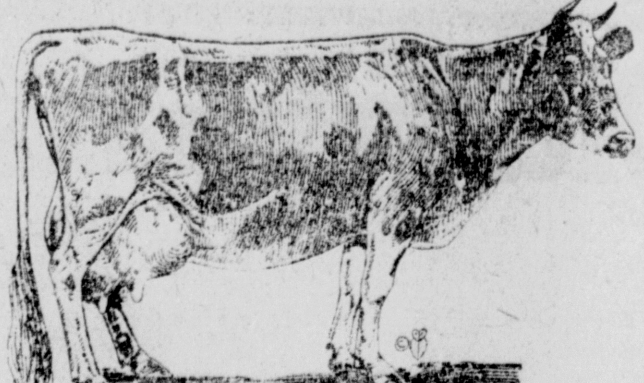

TWENTY YEARS AGO

Marion Gaskill went to Cincinnati this morning to take the examination for a position as operator on the Little Miami railroad.

At the home of Mr. and Mrs. George Beaham on East Third St., there was a masquerade party attended by about a dozen couples.

Mr. J. C. Conwell, who has been conducting a branch hardware store at Spring Valley, has disposed of the store to Mr. Lee Harper, who will have charge of it hereafter.

Rev. J. Knox Montgomery has leased the Clark property on Spring Hill, and has moved his family to this city. Rev. Montgomery will continue his evangelistic work.

"The Birth of a Race"

A MASTERPIECE BIGGER IN CONCEPTION THAN ANY OTHER PICTURE IN YEARS

A wonderfully human story of democracy and of brotherhood. It goes back into the past, takes up the present, and lifts the curtain on the future.

The struggle for brotherhood, peace and happiness through all the ages. Its appeal is to all classes. It eulogizes the working man, it gives due credit to all races and creeds.

Why Women Grow Old More Quickly Than Men

Greater Percentage of Anaemia—Lack of Iron in the Blood—Among Women Makes Them Lose Much of Their Youth, Beauty and Former Attractiveness, And Become Fretful, Nervous and Run-down—What Women Need Is Not Cosmetics or Stimulating Drugs But Plenty of Pure Red Blood, Rich in Iron

Physician Explains How Organic Iron—Nuxated Iron, Enriches The Blood, Strengthens The Nerves, Builds Up Physical Power and Often Makes Weak, Pale Careworn Women Look and Feel Years Younger.

Look for the woman who appears younger than a man of the same age and you will find the exception to that vast majority upon whom anaemia—lack of iron in the blood has fastened its grip and is gradually sapping the health, vitality and beauty which every woman so longs to retain. In most cases men safeguard their health better than women by eating coarser foods, being more out-of-doors and leading more active lives, thereby keeping their blood richer in iron and their bodies in a better physical condition. The very moment a woman allows herself to become weak, nervous and run-down she is placing a drain upon her whole system which overtaxes the power of the blood to renew wasted tissue and keep active the natural life forces of the body. There are thousands of women who are ageing and breaking down at a time when they should be enjoying that perfect bodily health which comes from plenty of iron in the blood, simply because they are not awake to their condition. For want of iron a woman may look and feel haggard and all run-down—while at 50 or 60 with good health and plenty of iron in her blood she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age.

But a woman cannot have beautiful rosy cheeks or an abundance of strength and endurance without iron, and physicians below have been asked to explain why they prescribe organic iron—Nuxated Iron—to help supply this deficiency and aid in building a race of stronger, healthier women.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "Many a woman who is run-down, easily tired out, nervous and irritable, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron might readily build up their run-down, decrepit, decreaser physical strength, increase their physical power, and thus secure a more youthful, more attractive, more energetic life."

Where Is the Cold Weather Jinx This Year?

He was in the garage last fall and last winter. And putting a curse on a slow, sluggish motor. Glad he's moved out for the car's running pretty.

Takes hills on high without wheeze and complaining. And picks up at crossings with plenty of pep. Got high purpose habits after the first shot of

Columbus Gasoline

There's thousands of Ohio motorists who have put the cold weather jinx to rout with Columbus. It's really good gasoline because it's good real gasoline—the kind that inspires automobiles with "good old summer time" ambitions when the mercury is flirting with zero.

Columbus facilitates cold weather starting. Gets instant action when you put your foot on the accelerator pedal. And gives more miles to the gallon than you have a right to expect these days.

Now's the time to load up the tank with Columbus. For cold weather driving, it's the one fuel you can depend on for satisfactory results.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the greatest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

DISCUSSES EXISTING RELATIONS BETWEEN FARM AND LABOR

Discussing in clear cut terms the relations existing between the American farm and labor interests, O. E. Bradfute of Route five, this city, delivered a forceful address before the Swine Breeders' Association meeting at the Phillips House in Dayton Tuesday.

While offering no solution of economic problems confronting these two great groups, Mr. Bradfute, who is a nationally known breeder of Aberdeen-Angus cattle, and who was on the President's industrial commission, showed that cordial relations can be maintained with great benefit to both.

More than 150 swine breeders of Ohio, Kentucky and Indiana were present at the Dayton convention, which was one of the largest ever held by the organization. Following Mr. Bradfute's talk and a talk by W. A. Paxton of Jamestown, on the "Table," the annual election of officers was held. L. T. Cummings of this city and A. O. Dobbins of Cedarville, being elected to positions on the executive committee. The other officers are, President, L. G. Day, of Brookfield; Vice-President, Charles Wenger, Clayton, O.; Secretary and treasurer, E. E. Coler, Dayton. The other members of the executive committee elected was, Ira Jackson of Tpeccance City.

More than 100 of the swine breeders remained for the convention of National Poland-China Breeders held at the Phillips House, Wednesday. It is expected that 200 people will attend this convention.

Restoring Elasticity of Rubber.
Rubber articles that have become hard recover their elasticity in a short time if placed in 3 per cent carbolic water or 3 per cent saline solution. In the case of the carbolic solution it must not be forgotten that black goods exposed to it become gray. If it is desired to preserve the black or red color of the goods, that, too, can be done. A 1 per cent solution of potassium persulfate is employed. It is true that this salt is unpleasant, but the restoration of elasticity is quite considerable.

15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Duni's Hens Increased Every Day. Plan Is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Duni, Box 162, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung in January, in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Ducor Co., 284 Columbia Bldg., Indianapolis, Ind.

FORMER XENIA WRITER'S WORK REVIEWED BY CLUB

The work of R. Ridgely Torrence, former Xenian, author and playwright, was featured in the program given by the Junior Woman's Club, which was entertained Tuesday afternoon at the home of Mrs. C. L. Jobe.

Mrs. M. L. Wolf read the paper which had been prepared by Mrs. Meda Gowdy on "The Outlook in Modern American Drama," as Mrs. Gowdy is now in Florida. In the paper Mrs. Gowdy dwelt upon the number of the plays of the Xenian writer. Her paper was followed by a presentation by Mrs. D. D. Jones of Torrence's play, "The Rider of Dreams," one of the unusual negro dramas by this writer, which were very popular when they made a long run in New York and other cities two or three years ago.

Mrs. Jones chose this play instead of giving a number of illustrations from different dramas. Mr. Torrence gathered much of the material for his negro plays in this city, and this fact aside from the personal interest felt in him because he is a former Xenian man, gave an additional touch of interest to Mrs. Jones' presentation of "The Rider of Dreams."

The program was opened with anecdotes of actresses given by the club members with the initials from K. to S.

The club elected officers for the year. Mrs. Harry D. Smith becomes President to succeed Mrs. S. O. Hale, who has held the office for two years. Mrs. D. D. Jones was reelected vice president and Mrs. J. K. Williamson, secretary and treasurer.

Two coverlets, made from 200 squares knitted by club women and school children, were displayed by the president, Mrs. Hale, and were greatly admired by the women. The squares were joined by Mrs. J. P. Chew, making a large coverlet, and a small one. The work was done for the Society for Devastated France, and the coverlets will be at once sent east to the headquarters of the society, for shipment to France.

—And Love.

Like a great poet, Nature produces the greatest results with the simplest means. These are simply a sun, flowers, water and love. Of course, if the spectator be without the last, the whole will present but a pitiful appearance; and, in that case, the sun is merely so many miles in diameter, the trees are good for fuel, the flowers are classified by stem, and the water is simply wet.—Heine.

SINN FEINERS ARE PLANNING CHALLENGE FOR SUPREMACY

Dublin, Jan. 21.—The Sinn Feiners are planning today to make immediate challenge for government supremacy in Ireland, now that they have captured most of the local administrations in the recent election.

The local government board at Dublin castle has the power to veto all proposals of the local boards but the Sinn Feiners declare they will refuse to carry out Dublin castle's dictates in the future.

The first challenge to Dublin castle, the seat of British authority in Ireland, will come within ten days when nominations for sheriffs are made. Each local board forwards three nominations to the lord lieutenant for final selection.

The Sinn Fein organization at Cork has given notice that it will send in the following: Alderman Murray, who is now in jail and who will select the jury to try himself if he is made sheriff; Dennis McNeill, who is charged with shooting Chief Constable Cortt and who was afterwards daringly rescued from prison by his friends; and Michael Ahearn, who is wanted by the police in connection with the charge of possessing five barrels of bombs and hand grenades.

McNeill and Ahearn have both been in hiding since they were rescued from jail.

The Cork Sinn Feiners declare that if these names are turned down they will send three more that might prove equally objectionable to the British authorities.

It is reported that the local Sinn Fein organizations everywhere have adopted a similar policy. The Sinn Feiners claim that in the past Dublin castle appointed officials objectionable to them and now that they have captured the local government after years of trials and tribulations they are going to return the compliment.

Many of the Sinn Feiners elected to local offices in the municipal election have gone into hiding fearing arrest. If arrested their plan for sending in the names of Sinn Feiners for sheriff would be frustrated.

San Francisco Founded by Spaniards.

A fact little known is that the city of San Francisco was founded by a Spanish officer from the Arizona presidio of Tubac, in the Santa Cruz valley, south of Tucson. He was Captain Juan Bautista de Anza. In January, 1774, he led a party of men and mules, by way of the Camino del Diablo (Road of the Devil), then visiting Monterey. In October, 1775, by a direct command of the Spanish viceroy, he started again for Tubac, with 240 people and much livestock, destined for the foundation of a presidio and mission on the great bay that had been found by Portola in 1769. Anza took the Gila route as the safer, forded the Colorado near the Gila's mouth a month later and with an advance party, on March 28, 1776, established the presidio of San Francisco on the Golden Gate.

ANTIOCH DEVELOPING FAST AGGREGATION OF STELLAR LIGHTS

The effect of good training is showing on Antioch college basketball team, heretofore a mediocre ball aggregation, but this year blossoming forth with much promise under the master hand of Coach Ernest Godfrey of Wittenberg, wizard developer of champions among the Lutherans, who is now guiding the destiny of the Yellow Springs outfit at a sideline.

Without the aid of a coach, Antioch has been making a good showing considering conditions, and has been placing fairly successful teams in the field, the quintet losing but one game last year, and that in an overtime contest to Wilmington.

This year, however, things have begun to change for the better, with Godfrey, coach of Wittenberg, giving attention to all of Antioch's teams. Although light, the team contains some good talent. Corry, at center, is an excellent tip-off man, playing a fast aggressive game and possessing an eye for the basket. Vannorsdall at forward, though small in size, always manages to cause the opposing guards no little trouble, for once given an open shot he is deadly in locating the net. Barr at guard, packs enough weight to make it hard for his man to elude him and is a good defensive player. Littleton, former high school star, Edwards and Northup complete the squad.

The girls also have ample opportunity to display their ability and under the leadership of Elmer Barr have rounded into a formidable team that have not been defeated.

The academy also receives training from Coach Godfrey and that they have a fast team is shown by the fact that they defeated the local

WHAT OHIO FOLKS SAY

Minerva, Ohio.—"I was suffering most severely from a pain in my back. Thinking that it came from the kidneys I got a bottle of a well-known kidney medicine, and used it with apparent relief, but soon the pain began again. Then I got a bottle of Dr. Pierce's Anuric Tablets and took them. In the box I found literature saying the Specialists at Dr. Pierce's Invalids' Hotel would diagnose a case free, or something to that effect, so I wrote immediately and learned from them that it was rheumatism (due to uric acid in my system) instead of kidney trouble. I followed their advice and between three and four weeks had relief. I know, too, from the experience of others with whom I am acquainted that they, also, have been benefited by Dr. Pierce's medicines."—HARRY E. SUTTON, Minerva, Ohio.

Anuric always benefits and often cures the cause of kidney disease, as well as rheumatism and gout. Sold by druggists, or sent 60 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., or 10 cents for trial package.

Sandusky, Ohio.—"I have taken Dr. Pierce's Anuric and found it very good for kidney ailments and bladder weakness. This Anuric is all that is claimed for it, and I can speak very highly of it as a medicine for the above ailments."—Z. S. RICHARD, 1111 N. Depot St.

Fremont, Ohio.—"I can highly recommend Dr. Pierce's Pleasant Pellets to one suffering with sluggish liver and indigestion. I used to be subject to this condition and I found the Pleasant Pellets to give better satisfaction and results than any other medicine I ever took. They are mild and easy in action."—MR. JOE YOUNG, 521 May St., N. W.

What to look for in Gasoline

The thing to look for in gasoline is a low initial boiling point.

Red Crown's low boiling point gives ready vaporization at low temperatures. You don't wait for the engine to warm up—it's ready. You start right—increased speed—go swiftly or slowly with equal power and certainty with Red Crown. Its uniformity gives steady, even vaporization.

Polarine, the friction-killing lubricant, works hand in glove with Red Crown. Keeps the engine's joints and bearings ready for quick starting and smooth running. Retains its fluidity in cold weather.

Polarine Cup Greases and Transmission Lubricants protect the bearings—save repair bills. Look for the Red Crown Sign on Service Stations and Garages.

weeks we got 15 to 19 eggs a day."
John Duni, Box 162, Cherry Valley, Pa.

Mr. Duni started giving his hens Don
Sung in January, in zero weather. He
now keeps his hens busy in cold
weather, when hens usually stop laying.
A trial costs nothing. Here's our offer:
Give your hens Don Sung and watch
results for one month. If you don't
find that it pays for itself and pays
you a good profit besides, simply tell
us and your money will be promptly
refunded.

Don Sung (Chinese for egg-laying)
works directly on the egg-laying or-
gans, and is also a friendly tonic. It
is easily given in the feed, improves the
hen's health, makes her stronger and
more active in any weather, and starts
her laying.

Try Don Sung for 30 days and if it
doesn't get you the eggs, no matter
how cold or wet the weather, your
money will be refunded by return mail.
Get Don Sung from your druggist, or
poultry remedy dealer or send 50 cents
for a package by mail prepaid. Burrell-
Dunger Co., 294 Columbia Bldg., Indian-
apolis, Ind.

FORMER XENIA WRITER'S
WORK REVIEWED BY CLUB

The work of F. Ridgely Torrence,
former Xenian, author and play-
wright, was featured in the program
given by the Junior Woman's Club,
which was entertained Tuesday af-
ternoon at the home of Mrs. C. L.
Johns.

Miss M. L. Wolf read the paper
which had been prepared by Mrs.
Meda Gowdy on "The Outlook in
Modern American Drama," as Mrs.
Gowdy is now in Florida. In the
paper Mrs. Gowdy dwelt upon the
number of the plays of the Xenian
writer. Her paper was followed by
a presentation by Mrs. D. D. Jones
of Torrence's play, "The Rider of
Dreams," one of the unusual negro
dramas by this writer, which were
very popular when they made a long
run in New York and other cities
two or three years ago.

Mrs. Jones chose this play instead
of giving a number of illustrations
from different dramas. Mr. Tor-
rence gathered much of the material
for his negro plays in this city, and
this fact aside from the personal in-
terest felt in him because he is a
former Xenian man, gave an addi-
tional touch of interest to Mrs.
Jones' presentation of "The Rider of
Dreams."

The program was opened with
anecdotes of actors given by the
club members with the initials from
K. to S.

The club elected officers for the
year. Mrs. Harry D. Smith becomes
president to succeed Mrs. S. O. Hale,
who has held the office for two years.
Mrs. D. D. Jones was reelected vice
president and Mrs. J. K. Williamson,
secretary and treasurer.

Two coverlets, made from 200
squares knitted by club women and
school children, were displayed by
the president, Mrs. Hale, and were
greatly admired by the women. The
squares were joined by Mrs. J. P.
Chew, making a large coverlet, and
a small one. The work was done
for the Society for Devastated
France, and the coverlets will be
at once sent east to the headquarters
of the society, for shipment to
France.

—And Love.
Like a great poet, Nature produces
the greatest results with the simplest
means. These are simply a sun,
flowers, water and love. Of course,
if the spectator be without the last,
the whole will present but a pitiful
appearance; and, in that case, the sun
is merely so many miles in diameter,
the trees are good for fuel, the flowers
are classified by stemens, and the
water is simply wet.—Heine.

SINN FEINERS ARE
PLANNING CHALLENGE
FOR SUPREMACY

Dublin, Jan. 21.—The Sinn Fein-
ers are planning today to make im-
mediate challenge for government
supremacy in Ireland, now that they
have captured most of the local ad-
ministrations in the recent election.
The local government board at
Dublin castle has the power to veto
all proposals of the local boards but
the Sinn Feiners declare they will
refuse to carry out Dublin castle's
dictates in the future.

The first challenge to Dublin
castle, the seat of British authority
in Ireland, will come within ten
days when nominations for sheriffs
are made. Each local board forwards
three nominations to the lord lieut-
enant for final selection.

The Sinn Fein organization at
Cork has given notice that it will
send in the following: Alderman
Murray, who is now in jail and who
will select the jury to try himself if
he is made sheriff; Dennis McNeill,
who is charged with shooting Chief
Constable Cortt and who was after-
wards daringly rescued from prison
by his friends; and Michael Ahearn,
who is wanted by the police in con-
nection with the charge of possess-
ing five barrels of bombs and hand
grenades.

McNeill and Ahearn have both
been in hiding since they were res-
cued from jail.

The Cork Sinn Feiners declare
that if these names are turned down
they will send three more that might
prove equally objectionable to the
British authorities.

It is reported that the local Sinn
Fein organizations everywhere have
adopted a similar policy. The Sinn
Feiners claim that in the past Dub-
lin castle appointed officials objec-
tionable to them and now that they
have captured the local government
after years of trials and tribulations
they are going to return the com-
pliment.

Many of the Sinn Feiners elected
to local offices in the municipal elec-
tion have gone into hiding fearing
arrest. If arrested their plan for
sending in the names of Sinn Fein-
ers for sheriff would be frustrated.

COURT NEWS

Judge C. H. Kyle today announced
the following assignment of jury
cases for common pleas court: Allen
against Thompson, January 21; Mil-
ler against Derrick, January 29;
Sanders against Anderson, January

Benner, February 5; Konde against
Barber, February 17.

San Francisco Founded by Spaniards.
A fact little known is that the city
of San Francisco was founded by a
Spanish officer from the Arizona pre-
sidio of Tubac, in the Santa Cruz val-
ley, south of Tucson. He was Captain
Juan Bautista de Anza. In January,
1774, he led a party of 200 men, 100
mules and 100 head of cattle across the
desert, from Cochise to the Colorado river,
by way of the Camino del Diablo (Road
of the Devil), then visiting Monterey.
In October, 1775, by a direct command
of the Spanish viceroy, he started again
for Tubac, with 240 people and much
livestock, destined for the foundation
of a presidio and mission on the great
bay that had been found by Portola in
1769. Anza took the Gila route as the
safer, forded the Colorado near the
Gila's mouth a month later and with
an advance party, on March 28, 1776,
established the presidio of San Fran-
cisco on the Golden Gate.

ANTIOCH DEVELOPING
FAST AGGREGATION
OF STELLAR LIGHTS

The effect of good training is
showing on Antioch college basket-
ball team, heretofore a mediocre
court aggregation, but this year
blooming forth with much promise
under the master hand of Coach
Ernest Godfrey of Wittenberg, wiz-
ard developer of champions among
the Lutherans, who is now guiding
the destiny of the Yellow Springs
outfit at a sideline.

Without the aid of a coach, Anti-
och has been making a good show-
ing considering conditions, and has
been placing fairly successful teams
in the field, the quintet losing but
one game last year, and that in an
overtime contest to Wilmington.

This year, however, things have
begun to change for the better, with
Godfrey, coach of Wittenberg, giving
attention to all of Antioch's teams.

Although light, the team contains
some good talent. Carry, at center,
is an excellent tip-off man, playing
a fast aggressive game and possess-
ing an eye for the basket. Vannors-
dall at forward, though small in size,
always manages to cause the oppos-
ing guards no little trouble, for once
given an open shot he is deadly in
locating the net. Barr at guard,
picks enough weight to make it hard
for his man to elude him and is a
good defensive player. Littleton,
former high school star, Edwards
and Northup complete the squad.

The girls also have ample oppor-
tunity to display their ability and
under the leadership of Elmer Barr
have rounded out a formidable
team that have not been defeat-
ed.

The academy also receives train-
ing from Coach Godfrey and that
they have a fast team is shown by
the fact that they defeated the local

CEDARVILLE COLLEGE WILL MEET ANTIOCH FIVE ON SATURDAY

In order to redeem its Greene county basketball record Cedarville college will strive hard to defeat Antioch, when the latter quintet meets the Cedarville lads Saturday night.

Antioch defeated Cedarville in the initial clash of these old rivals earlier in the season, and the defeat is stinging in the ears of Cedarville, which outfit is out for a come back. The loss of Paul B. Turnbull as coach was a blow to the Presbyterians, and as yet no coach has been appointed, but the experience gained so far in the season, with the strenuous practice that has been the order at Cedarville, is expected to greatly aid them in their battle with the Yellow Springs five.

Cedarville returned from a rather disastrous trip last week, losing three of the four games on the schedule. The Greene countians were defeated by Ashland, the team they defeated on the home door, 25-19; lost to Defiance, 32-11; were overwhelmed by Bluffton, 40-9, and staged a come-back in the grand finale by defeating Findlay 26-25. Bad luck in connecting with the net spoiled the defeat of the locals.

The result of the Findlay game is still in doubt however. Cresswell's fielder in the final minute of play gave the locals the edge, but the ball touched a spectator before it traveled through the hoop and as there was nothing in the rules to cover the case the matter has been referred to the national rules committee for decision.

Cedarville will lineup for the Antioch game with Wright and Collins, forward, Cresswell, center, and Thorn and Foster at the guards.

MAY SEND MAIL TO TURKEY, REPORT

Mail may now be sent to Turkey, parts of Russia and Syria, according to official announcement received Tuesday at the Post Office. This mail will be routed through England, and in addition to the regular parcel post or postal rates of those countries, a transit charge must be paid.

A number of Xenia people having relatives in Russia, Syria and Turkey, have been making efforts ever since the close of the year to send letters, money and parcels to them, and so far have been unsuccessful. Postmaster Rice says that little parcel post mail has gone to Germany and Austria through the local post office since the close of the year. Several packages containing food and other necessities have been sent by local people to relatives and friends in the Central European countries where reports say there is much distress.

COURT NEWS

of duty, Frances McMillen has been granted a decree of divorce by Judge C. H. Kyle from Frank McMillen.

The case of James Moon against the Springfield and Xenia Traction Company has been settled and dismissed from court.

The cases of Benjamin Semmelman against J. C. Fulton and Anna Semmelman against J. C. Fulton have been settled and dismissed from court.

WHOLE FAMILIES FREED FROM COLDS

Half a century breaking colds is behind Dr. King's New Discovery

FROM the little tots to grandmas, every one in the family can use this fifty-years-old standard remedy in perfect safety and confidence of beneficial results.

Incessant coughing, disagreeable grippe, stubborn cold, promptly checked, the phlegm dissipated, the congestion loosened.

Same high quality today as always. Dr. King's New Discovery lives up to its time-tested reputation. 60c. and \$1.20 a bottle.

The Results of Constipation are sick headaches, biliousness, nervousness, sallow skin, waste matter in the body. Correct this undermining evil with Dr. King's New Life Pills. Feel good every day. Keep the system cleansed. 25c. a bottle.

ZEMO STOPS ITCHING, BURNING ECZEMA

A CLEAN, ANTISEPTIC LIQUID

The very first application of clean, liquid ZEMO stops itching and burning skin. Eczema and most forms of itching and disfiguring skin troubles usually start to heal, and in a short time yield to this soothing, antiseptic wash.

If you have used many salves and greasy lotions, try one 35c trial size, or extra large bottle of ZEMO for \$1.00 and see the difference between a smear and a clean, efficient and economical treatment for your skin.

ZEMO SOAP is healing and should be used with ZEMO in aggravated cases.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"---bad breath---a dull, tired feeling---sick headache---torpid liver---constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

MILLIONS NEED PEPTO-MANGAN

In Many Homes Better Health Is Simply a Matter of Better Blood.

Pepto-Mangan Improves Blood

Composed of Approved Blood-Making Elements—Put Up in Liquid and Tablet Form.

Are you tired and weak and "blue"? Do you say to yourself, "What's the use of living? What do I get out of life, dragging through this drab existence in this unhappy way?"

You don't feel well and you don't know why you have so little energy to do anything, and you get all tired out before it is done. There are millions in busy America that have such feelings now and then, and they are to be pitied. But there is help. Unless some serious malady is at the bottom of their trouble, a few weeks of Pepto-Mangan will work a wonderful change. Pepto-Mangan puts a new vigor into the blood, and the blood is the life fluid. With plenty of rich, red blood coursing through one's body one is pretty likely to feel good and vigorous and be strong and look hearty.

Go to the druggist and ask for "Gude's Pepto-Mangan." Be sure to say "Gude's." If "Gude's" is not on the package it is not Pepto-Mangan. It is put up in both liquid and tablet form. Tell the druggist which you prefer. There is no difference in medicinal value.—Advertisement.

ZANESVILLE MAN FELL ON STREET

Had to be Picked up by Friends; Came from Dizzy Spells and Sluggish Liver, He Says.

No More of That Now Since He Took the New Root and Herb Remedy, Drecto.

"I got so dizzy that on three different occasions I fell on the street and had to be picked up by friends," said Mr. J. E. Anders, who lives at No. 33 Oak Ave., Zanesville, O. "My stomach was in bad shape and I often got bloated up with gas. My kidneys were out of order, and my legs were swollen to double their natural size. I was ready nervous, got no sleep, had headaches, and my vitality was almost gone, but I'm a different man now. I haven't had one dizzy spell since I took Drecto, and my other troubles have passed off also. I sleep well, have a good appetite, no more backache, nor that awful gas in my stomach. Truly Drecto has helped me very much, and I suggest that every person suffering as I did, try this grand remedy."

Drecto is Nature's product, being the juices of herbs, roots, barks and berries, gathered from different parts of the globe and properly combined. These juices combine with the secretions of the stomach, are taken by the blood, and their life giving properties distributed to all sections of the body, eliminating the collected poisons in the system, and sending them from the body, restoring it to normal health.

All good druggists now sell Drecto, and it is highly recommended in Xenia by Sohn's Drug Store.

Don't let skin trouble spoil your good time
Resinol
heals sick skins

"I can't have any fun! I am such a sight with this eczema that people avoid me wherever I go. And the itching torments me so that I don't get any peace, anyhow."

Don't be discouraged! Even in severe, well-established cases of eczema, ringworm or similar skin-troubles, Resinol Ointment, aided by Resinol Soap, usually relieves the itching at once and quickly clears the eruption away.

Doctors prescribe the Resinol treatment. All druggists sell Resinol Ointment and Resinol Soap.

THE WOMAN WHO LOVED---AND EARNED

By Jane Phelps.
A Modern Story of Home and Business.

ROBERT SINGS MARION HOVEY'S PRAISES.

Robert went to the funeral—as I supposed he would. It was held in the middle of the day, and I did not feel warranted in asking to be let off. I proposed Aunt Felicia should go, but when Robert said he should also go to the cemetery, she decided it would be too tiring for her, so she remained at home.

Robert seemed to have no slightest compunctions at asking for a day's absence from the store, although it was their busy season. I said nothing to him—he was becoming sensitive over his position—but I thought it very foolish in him. He had told me several times that his employer hated to have his men absent themselves. That he thought their yearly vacations were all that was necessary, unless it was an absolute necessity that caused them to remain away; I did not consider Marion Hovey's father an ABSOLUTE NECESSITY, nor Marion herself.

Aunt Felicia and I had finished dinner when Robert came in. He quickly ate a bite; then, after we were in our rooms, he said:

"I think Marion was disappointed that you did not go with me today."

"I could not afford to go. Madame does not like us to be away during the busy season. I have my own customers you know, if they don't find me, they often refuse to buy of anyone else, and sometimes go elsewhere for their hats."

"You know your own business of course. But I think you should have gone." I saw he was peeved.

"Were Jane and Betty there?"

"At the house, yes. They did not go to the cemetery. Betty staid at the house and helped to make things comfortable. She said she never would have believed that Marion could have things so nice—grieving so too. Said there was really nothing for her to do, except open the windows and let the sunshine in—so hope when I have a funeral you won't let the undertaker shut the house up so that it resembles a tomb."

"Don't go off on a tangent about your own funeral, tell us about Marion. What were you saying about her? What did she have that was so nice?"

"Betty said the pantry was full of things to eat. All she had to do for supper tonight was to set the table and put on the food Marion had prepared. She said nothing for the comfort of the relatives had been forgotten, and that Marion had done it all."

"She must be a very wonderful girl," Aunt Felicia remarked, "or she is so accustomed to cook and care for others that it is second nature."

"That's it, aunt!" Robert interrupted, "she is accustomed to caring for others, and also to cook. She is the most unselfish girl I know, as well as one of the most capable."

"When you have finished singing her praises perhaps you will tell me what your boss said when you asked him to give you the day?" I could not keep the bitterness from my voice. I had scarcely seen Robert for a week—the last three days he had spent with Marion Hovey.

"He groused, but I didn't care. I would have lost my position rather than have failed Marion."

"I did not think you cared quite as much as that." I did not intend to say quite that, but the words slipped out. Aunt gave me one of her quick, bird-like glances, her head on one side, but said nothing. Neither did Robert reply.

"I am rather tired, I think I will go to bed," she said after a few moments' silence.

"Good night," Robert said, rising. "I will go to the corner for a cigar before I turn in."

I made no move to detain him. In fact, I did not raise my eyes from the magazine I was pretending to read. I had foolishly allowed myself to feel jealous of Marion Hovey, and I would say nothing more for fear I would show it still more plainly than I already had done.

An hour passed before Robert came back. I saw at once that he had been drinking—not too much, perhaps, but it made me uneasy. I feared my lack of appreciation of Marion Hovey, my sarcastic remarks had made him reckless of what he did to hurt me.

Joe McDowell, Plaintiff vs. Mary E. McDowell, Defendant.

Case No. 15,374.

To Mary E. McDowell, whose place of residence is unknown.

You are hereby notified that Joe McDowell has filed an action against you for divorce on the ground of being willfully absent for the three years last past.

The said action will be for hearing in the Court House at Xenia, Ohio, on or after March 5th, 1920, at which time a judgment may be taken against you in case you do not answer or demur before said date. JOE McDOWELL. (Signed) J. E. Phelps.

LUMBER CONVENTION OPENED TUESDAY A. M.

The joint conventions of the Ohio Retail Lumber Dealers' Association, the Union Association of Lumber, Sash and Door Salesmen and the Southern Pine Salesmen's Association, were opened formally in Dayton, Tuesday morning with an address of welcome by Mayor J. M. Switzer of Dayton, followed by the annual talk by H. A. Klimer, president of the Union association.

Committees were appointed and reports of officers received, and the morning session closed with an address by F. A. Slutz, of Moraine High School. Practically every delegate attended the opening of the Home building show at Memorial Hall, Tuesday night.

SHOW PACKS HOUSE

"If it had not been for the police order against anybody standing in the aisles, there would have been a record breaking crowd in the opera house Monday night."

This was the statement of Manager C. L. McClellan who brought "Bringing Up Father in Society" to the local theater Monday night. The audience was so large that there were many people turned away at the performance. "Jiggs" and his family always amuse and they made mirth aplenty for the crowded house Monday night.

NOTICES HER NEW STRENGTH AT HOUSEWORK

This Cincinnati Woman Much Stronger Since She Took Vola-Tonic.

"I'm so much stronger since I have been taking Vola-Tonic that I can occasionally notice the difference when I am doing my housework," said Mrs. Emma Wambagans, Britton Avenue, Madisonville, Cincinnati, O. "I've only been taking Vola-Tonic about three weeks, too," Mrs. Wambagans added.

"Before I took Vola-Tonic my stomach was out of order and I was weakened and run down generally."

"My appetite and digestion were so bad that I missed a great many meals altogether and when I did sit down to a meal I ate only a very little. My digestion was so poor that often I think my food layed in my stomach from one meal to another without digesting. Of course, this made me feel mighty bad."

"Vola-Tonic has put my stomach in excellent condition. My digestion is good now and my appetite has come back fine."

"Vola-Tonic also made me feel a great deal stronger. I can notice it when doing my housework because my duties are much easier."

"I gladly recommend Vola-Tonic to everybody."

"Vola-Tonic, 'Builder of Strength,' invigorates the entire system. Vola-Tonic brings a good appetite and then helps the stomach take strengthening nutrition from food to nourish and build up the body all over. Vola-Tonic also soothes the nerves and permits sound, energy-restoring sleep every night. As a result, full normal strength and health soon return to the weakened, run down man or woman."

"Vola-Tonic, 'Builder of Strength,' is being specially introduced in Xenia at Sayre & Hemphill's."

"I did not think you cared quite as much as that." I did not intend to say quite that, but the words slipped out. Aunt gave me one of her quick, bird-like glances, her head on one side, but said nothing. Neither did Robert reply.

"I am rather tired, I think I will go to bed," she said after a few moments' silence.

SHORT NEWSPRINT NEWS CUTS EDITION

Interrupted train service which withheld large supplies of newsprint, paper on the way to Dayton, Tuesday, necessitated a reduced edition of The News.

With less than a day's supply on hand, it was necessary to print only eight pages. This meant for the day the sacrifice of many features and a reduction of news, but it is expected that by Wednesday, the pressure will be relieved and the usual volume of news and features will be carried.

Conditions affecting The News are prevalent throughout the country. Papers everywhere are being compelled to greatly reduce their size through inability to obtain white news paper.

Music Lovers Choose the BRUNSWICK

MUSIC lovers choose the Brunswick Phonograph to play their favorite records, for it plays all records at their best.

The Brunswick Method of Reproduction makes this possible. It consists of two outstanding, exclusive features—The Brunswick Ultrona and The Brunswick Tone Amplifier.

The Ultrona
The Ultrona is a scientific creation which enables one to play all records with faithful regard for the requirements of each make. It is not in any sense a combination contrivance, but involves a fundamental principle of sound reproduction.

Nor is the Ultrona a complex mechanism. By a slight turn of the hand it is adapted to any make record, instantly supplying the correct position on the record, the proper needle and diaphragm and the precise pressure or weight necessary to play that particular record.

The Tone Amplifier
The Brunswick Tone Amplifier is another improvement of fundamental importance. As the name implies, it amplifies the tone, making it richer, sweeter, truer.

This vibrant tone changer, constructed entirely of moulded holly-wood, free from metal, provides the requisite resiliency that unfolds and projects true tone. Like a fine violin, or the sounding board of a piano, it complies with the approved laws of acoustics.

Unusual Value—In Tires for Small Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for small cars but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½- and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these small sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$20.00
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water—\$3.90 proof bag.

MILLIONS NEED PEPTO-MANGAN

In Many Homes Better Health Is Simply a Matter of Better Blood.

Pepto-Mangan Improves Blood
Composed of Approved Blood-Making Elements—Put Up in Liquid and Tablet Form.

Are you tired and weak and "blue"? Do you say to yourself, "What's the use of living? What do I get out of life, dragging through this drab existence in this unhappy way?"

You don't feel well and you don't know why you have so little energy to do anything, and you get all tired out before it is done. There are millions in busy America that have such feelings now and then, and they are to be pitied. But there is help. Unless some serious malady is at the bottom of their trouble, a few weeks of Pepto-Mangan will work a wonderful change. Pepto-Mangan puts a new vigor into the blood, and the blood is the life fluid. With plenty of rich, red blood coursing through one's body one is pretty likely to feel good and vigorous and be strong and look healthy.

Go to the druggist and ask for "Gude's Pepto-Mangan." Be sure to say "Gude's." If "Gude's" is not on the package it is not Pepto-Mangan. It is put up in both liquid and tablet form. Tell the druggist which you prefer. There is no difference in medicinal value.—Advertisement.

ZANESVILLE MAN FELL ON STREET

Had to be Picked up by Friends; Came from Dizzy Spells and Sluggish Liver, He Says.

No More of That Now Since He Took the New Root and Herb Remedy, Drecto.

"I got so dizzy that on three different occasions I fell on the street and had to be picked up by friends," said Mr. J. E. Anders, who lives at No. 33 Oak Ave., Zanesville, O. "My stomach was in bad shape and I often got bloated up with gas. My kidneys were out of order, and my legs were swollen to double their natural size. I was ready nervous, got no sleep, had headaches, and my vitality was almost gone, but I'm a different man now. I haven't had one dizzy spell since I took Drecto, and my other troubles have passed off also. I sleep well, have a good appetite, no more backache, nor that awful gas in my stomach. Truly Drecto has helped me very much, and I suggest that every person suffering as I did, try this grand remedy."

Drecto is Nature's product, being the juices of herbs, roots, barks and berries, gathered from different parts of the globe and properly combined. These juices combine with the secretions at the stomach, are taken by the blood, and their life giving properties distributed to all sections of the body, eliminating the collected poisons in the system, and sending them from the body, restoring it to normal health.

All good druggists now sell Drecto, and it is highly recommended in Xenia by Sohn's Drug Store.

Don't let skin trouble spoil your good time Resinol heals sick skins

"I can't have any fun! I am such a sight with this eczema that people avoid me wherever I go. And the itching torments me so that I don't get any peace, anyhow."

Don't be discouraged! Even in severe, well-established cases of eczema, ringworm or similar skin-troubles, Resinol Ointment, aided by Resinol Soap, usually relieves the itching at once and quickly clears the eruption away.

Druggists prescribe the Resinol treatment. All druggists sell Resinol Ointment and Resinol Soap.

THE WOMAN WHO LOVED---AND EARNED

By Jane Phelps.

A Modern Story of Home and Business.

ROBERT SINGS MARION HOVEY'S PRAISES.

Robert went to the funeral—as I supposed he would. It was held in the middle of the day, and I did not feel warranted in asking to be let off. I proposed Aunt Felicia should go, but when Robert said he should also go to the cemetery, she decided it would be too tiring for her, so she remained at home.

Robert seemed to have no slightest compunctions at asking for a day's absence from the store, altho it was their busy season. I said nothing to him—he was becoming sensitive over his position—but I thought it very foolish in him. He had told me several times that his employer hated to have his men absent themselves. That he thought their yearly vacations were all that was necessary, unless it was an absolute necessity that caused them to remain away; I did not consider Marion Hovey's father an ABSOLUTE NECESSITY, nor Marion herself.

Aunt Felicia and I had finished dinner when Robert came in. He quickly ate a bite; then, after we were in our rooms, he said:

"I think Marion was disappointed that you did not go with me today." "I could not afford to go. Madame does not like us to be away during the busy season. I have my own customers you know, if they don't find me, they often refuse to buy of anyone else, and sometimes go elsewhere for their hats."

"You know your own business of course. But I think you should have gone." I saw he was peeved.

"Were Jane and Betty there?" "At the house, yes. They did not go to the cemetery. Betty staid at the house and helped to make things comfortable. She said she never would have believed that Marion could have things so nice—grieving so too. Said there was really nothing for her to do, except open the windows and let the sunshine in—so hope when I have a funeral you won't let the undertaker shut the house up so that it resembles a tomb."

"Don't go off on a tangent about your own funeral, tell us about Marion. What were you saying about her? What did she have that was so nice?" "Betty said the pantry was full of things to eat. All she had to do for supper tonight was to set the table and put on the food Marion had prepared. She said nothing for the comfort of the relatives had been forgotten, and that Marion had done it all."

"She must be a very wonderful girl," Aunt Felicia remarked, "or she is so accustomed to cook and care for others that it is second nature. I—" "That's it, aunt!" Robert interrupted, "she is accustomed to caring for others, and also to cook. She is the most unselfish girl I know, as well as one of the most capable."

"When you have finished singing her praises perhaps you will tell me what your boss said when you asked him to give you the day?" I could not keep the bitterness from my voice. I had scarcely seen Robert for a week—the last three days he had spent with Marion Hovey.

"He groused, but I didn't care. I would have lost my position rather than have failed Marion."

"I did not think you cared quite as much as that," I did not intend to say quite that, but the words slipped out. Aunt gave me one of her quick, bird-like glances, her head on one side, but said nothing. Neither did Robert reply.

"I am rather tired, I think I will go to bed," she said after a few moments' silence.

"Good night," Robert said, rising. "I will go to the corner for a cigar before I turn in."

I made no move to detain him. In fact, I did not raise my eyes from the magazine I was pretending to read. I had foolishly allowed myself to feel jealous of Marion Hovey, and I would say nothing more for fear I would show it still more plainly than I already had done.

An hour passed before Robert came back. I saw at once that he had been drinking—not too much, perhaps, but it made me uneasy. I feared my lack of appreciation of Marion Hovey, my sarcastic remarks had made him reckless of what he did to hurt me.

LUMBER CONVENTION OPENED TUESDAY A. M.

The joint conventions of the Ohio Retail Lumber Dealers' Association, the Union Association of Lumber, Sash and Door Salesmen and the Southern Pine Salesmen's Association, were opened formally in Dayton, Tuesday morning with an address of welcome by Mayor J. M. Switzer of Dayton, followed by the annual talk by H. A. Kilmer, president of the Union association.

Committees were appointed and reports of officers received, and the morning session closed with an address by F. A. Slutz, of Moraine High School. Practically every delegate attended the opening of the Home building show at Memorial Hall, Tuesday night.

SHOW PACKS HOUSE

"If it had not been for the police order against anybody standing in the aisles, there would have been a record breaking crowd in the opera house Monday night."

This was the statement of Manager C. L. McClellan who brought "Bringing Up Father in Society" to the local theater Monday night. The audience was so large that there were many people turned away at the performance. "Jiggs" and his family always amuse and they made mirth aplenty for the crowded house Monday night.

NOTICES HER NEW STRENGTH AT HOUSEWORK

This Cincinnati Woman Much Stronger Since She Took Volatonic.

"I'm so much stronger since I have been taking Volatonic that I can occasionally notice the difference when I am doing my housework," said Mrs. Emma Wambans, Britton Avenue, Madisonville, Cincinnati, O. "I've only been taking Volatonic about three weeks, too," Mrs. Wambans added.

"Before I took Volatonic my stomach was out of order and I was weakened and run down generally."

"My appetite and digestion were so bad that I missed a great many meals altogether and when I did sit down to a meal I ate only a very little. My digestion was so poor that often I think my food layed in my stomach from one meal to another without digesting. Of course, this made me feel mighty bad."

"Volatonic has put my stomach in excellent condition. My digestion is good now and my appetite has come back fine."

"Volatonic also made me feel a great deal stronger. I can notice it when doing my housework because my duties are much easier."

"I gladly recommend Volatonic to everybody."

Volatonic, "Builder of Strength," invigorates the entire system. Volatonic brings a good appetite and then helps the stomach take strengthening nutrition from food to nourish and build up the body all over. Volatonic also soothes the nerves and permits sound, energy-restoring sleep every night. As a result, full normal strength and health soon return to the weakened, run down man or woman.

Volatonic, "Builder of Strength," is being specially introduced in Xenia at Sayre & Hemphill's.
